

TO WHOM IT MAY CONCERN

With reference to the a company called Dynamic Cleaning I can only say that coming from a business where client service is a priority I must voice that I am so impressed with Karen Service that I Have referred to friend and colleagues of mine.

Besides you have a clean and safe home you have a person who is every ready to help and accommodates your every need.

I personally will recommend her to any company or family home.

Trust you will find all in order.

Should you need a telephonic referral kindly contact me at 0849000498 and the name is Fattima.

Yours faithfully
