EXERCISE EQUIPMENT SPECIALISTS

We hereby highly recommend Dynamic cleaning for all carpet and upholstery cleaning.

We had a leak at our offices one Friday morning; the whole office was under water. We quickly jumped onto the internet desperately looking for someone to do the job.

Dynamic cleaning was the first company to pop up. Even though they were very busy at the time they managed to fit us into their busy schedule. We were very impressed with the quick response. Dynamic cleaning did a great job, not to mention they are very affordable.

Thank you Karen and the team.
