I have been a client of Dynamic Extreme Cleaners for 4 and ½ years and after all these years their service remains exceptional.

Karen and her team are always punctual and go out of their way to perform at their best.

No job is too big or too small and is supervised with Karen's expert attention to detail.

The products used are great and they remove even the toughest stains.

The curtains are cleaned while they are hanging offering minimum disruption.

I fully recommend Dynamic Extreme Cleaners for any job that Karen offers to do.

Warm regards
